MEMBER'S MOPARS

Hi, Deny K. Richardson and this is my 1988 Jeep Comanche 4 X 2 with the Pioneer package. My Jeep has 2.5 litre engine with a 4-speed transmission. I have added a few extras to the Jeep, such as a GTS bug shield, GTS vent visors, custom bed rails, tinted windows, white spoke wheels and Good Year Wranglers. The Jeep has 134,000 miles and still runs like a top. I have shown my truck three times and I am very well pleased with the outcome with a first, second, and third place finish. I have been a Mopar fan since 1966 when my Mom and Dad bought a new Dodge Coronet 500 with a 383 four barrel and a automatic transmission. I was fourteen at the time and didn't have a license but my Mom would let me drive it to the store occasionally. Needless to say I made some fast trips to the store and back. I have owned three Mopars that I enjoyed

driving very much. They were a 1969 GTS Dart, a 1977 4-wheel drive Dodge Power Wagon, and a 1978 Dodge Challenger. I have been in the Mopar Club a year and a half and have really enjoyed it. I plan to buy an old car sometime but the right one just hasn't been found yet!! I would like to thank Butch Price, Linda and Gary Wilkeson for talking into joining the club. And also Nick Willmore for the advice he has given me. Mopar Fans are the greatest.

Thanks

Deny K. Richardson

New Members, Winning Ways

Upcoming Events

Rev's Grease Pit

The July meeting at Old Hickory Lake was very enjoyable. The cool breeze off the lake was enjoyed by all the members that attended. The discussion on the future shows was very informative. Ideas that were discussed were a one day show, a 2 day show and combining our show with the drag race.

The August meeting will be held August 27 at Bill Bradley's residence. It will be a outdoor cookout with the club furnishing the meat and the members furnishing the extras. The executive board is bringing the drinks, ice, bread, cups, and eating dishes and utensils. All you need to bring is a covered dish and a serving utensil. The directions are elsewhere in the newsletter.

This newsletter has been printed early so each member can be notified about the importance of being at the meeting to discuss and vote on which way our club is going on our future shows. If you will be unable to attend the meeting; put your opinions in a letter and send them to me and I will read them at the meeting. Your input is important so make

your opinions known. *Come to the meeting if at all possible.*

I want to apologize to the member that won at the Club drag race. I failed to list there names in the winning ways part of the newsletter. I am correcting that error in this newsletter.

We still have classes for sale for our show. If you know of someone that may be interested, please call me so I can talk to them. Everything is slowly coming together for a good show for us.

Remember that all dues must be paid for the 1996 year by the January meeting or your name will be dropped from the list. Your copy of the club by-laws contains all the rules for club membership. Read them.

I need more pictures and articles for Members Mopar. Please! Also someone to write other articles for the newsletter.

Directions to Bill Bradley's residence- From Nashville take I-40 East toward Knoxville, Exit Hwy 109, Turn right to 1st road on left-Campground Rd, Turn right on Callis Lane to 485 on left.

If anyone knows the address for Bobby McKissick or Danny Jusits please have them contact me or send us a correct address so we can be sure they receive their newsletters.

Oldies 96.3 is searching for a Mopar Convertible to restore and give away. They prefer a small car but are interested in all of them. If you know of one call the station and ask for Crissy Luther.

If anyone knows the whereabouts of a Mid to Late 50's Mopar Station Wagon, they should contact Erik Olsen at 251-0200. He is interested in buying. He prefers the Mopar to be drivable and complete.

See you at the picnic!

KIM'S KORNER

AKA Ladies Choice

Hi there!

I had an early wake up call this morning- Ron suggested we get started before the heat index climbed to 105 degrees-I opened one eye and said okay-so up and at 'em!

We drove up to Franklin to where my A-100 is- (Neil was kind enough to loan me the middle bay of his garage)-we had brought along putty knives, wire brushes, eye protectors and water (lots of water) with the intentions of doing alot of clean up-which we did- Lots and lots of scraping-vacuuming up lots of rust and dirt, etc.

I did inform Ron that is I broke a nail I was through for the day. I sure did get a funny look over that comment. I mean, I have improved some. When we worked on my Ramcharger, I said I'd quit if I got grease under my nails. (Not that I really did, but it sure gets a rise out of the people helping me!) Today, all I did was get grease and dirt from head to toe. In spite of that, and it being really hot, we had a pretty good time-Laughing, talking, working "together". Quality time is so important in this day and age. Not just with family but also with friends. Roger has done alot to help us with my truck.

It weren't for Ron, Roger, and Neil, I wouldn't be doing what I'm doing to my truck. I just want to tell them all thanks ever so much.

I need volunteers for our car show registration, reception, and cook out. Please call me at 441-2953. Soon.

Stay Safe and Be Aware!

Kim
