July 1999

## Edito R/T alk

To drive or not to drive; that is the question. How do we classify our Mopars? Are they fair weather cruisers or trailer queens? There is no question that some cars are just too special to brave the roads and risk getting ptttooded by some careless idiot. Not that one car is any better. They are all special to their respective owner whether it is a hemi four speed Cuda or a 340 Duster. We cringe when we think of tearing up our old Mopars but aren't they supposed to be driven? That's half the fun!

I was just thinking to myself the other day that we always see Mustangs, Novas, Camaro's, etc. riding the roads. Granted these aren't Shelby Mustangs, Yenko Novas, but it seems like the Pentastars are just not as well represented on the pavement these days. Everytime I finally see an old Mopar passing by, my eyes light up simply because it's not an every day occurrence. I guess part of that is because we are in the minority. There is never a shortage of Chevy's. Part of the reason that I got heavily into Mopars is because you always see Mustangs and Camaros. You almost never see a Cuda or Challenger pulling into the neighborhood 7-Eleven. I hate to admit it but I actually was a Chevy guy many moons ago. I just got sick of it because everybody and their brother had one! I wanted to be different.

There is no way under the sun that I would take the chance of getting hit driving a 1 of 1, low mileage, survivor car. It would only see my garage and on enclosed trailer, surrounded by infrared beams, armed guards and killer dogs. Anything shorth of that would definitely see some action.

So where do you draw the line? The amount of money you invested, the rarity, part availability? How much does it take to keep it parked in the garage? It would be great to see these babies out and about. So lets give these brand X-ERs something else to look at for a change.

Next month I'll give the low-down on Chryslers at Carlisle. It outta be fun! Till then. . . .

**Mopar 2 ya/Keith Petitt**

# F Y I

I want to thank everyone who attended the June meeting. We were at Huntsville Dodge in Huntsville, Alabama. The Tennessee Valley Mopar Club was having their first show. We had approximately eight members who entered their car or trunk in the show. We had a tent set up with the club banner blowing in the wind. The meeting started at 12:00 PM; with our show being the main topic.

The Friday night cruise before the show will be to Music City Raceway. We will have a Mopar only drag race. There will be a \$10 entry fee, \$5 of this will cover the cost of entering the race and time trials. The remaining \$5 will go toward first place prize money. Second place will receive a trophy.

July's meeting will be at Dale and Pam McDaniel's residence on Sunday July 25<sup>th</sup>. They are located at 1616 Neely's Bend Road in Madison. Neely's Bend Road is located off of Gallatin Road between Old Hickory Blvd and Briley Parkway. It is approximately one mile from Old Hickory Blvd. Turn east off of Gallatin Road, between Walgreen's and City Methodist Church, onto Neely's Bend and go approximately four miles to house on right side of road. Any overflow parking will be able to park in church parking lot that is just past their house on right.

We will eat around 12:30. The club will supply burgers, polish sausage, and hot dogs. Please bring side dishes, deserts, and drinks. Call Pam at work (255-6307) or at home (868-0370) before 8:30PM to let her know what you are bringing. This way she can be sure everyone brings something different. They have a swimming pool, so if you or anyone in your family would like to go swimming feel free to do so. Parents are to watch their children around the pool. The meeting starts at 2:00. Don't forget about the \$25 door prize. You have to be present to win. I'll see you there.

The show in September will be here before you know it. We need items for the goody bags and items for door prizes. If anyone can help us out, please let me know. We also need to sell sponsorships for each class. They are only \$75, which makes it possible to have such a great show. If you can sell a sponsorship please do show by July 31, 1999. We need to get the money by the end of July so we can get our trophies ordered in August and I also need to get the new advertiser's directory made so I can start mailing it out. Remember to get a business card from them. Challenge yourself and other members to sell these. It is a great way to be an active member.

Club T-shirts are available for \$8.00. Hats are \$4.00 and license plates are \$3.00. Also very soon the club will have golf shirts available. Wendell (Cowboy) Marshall is checking on these. The club logo will be embroidered, and you can have your name added. These shirts will also have a pocket. Cost will be around \$22.00. This is cheap for a shirt of this quality. Please let us know if you like to buy some club items.

# Show Review

The Smokey Mountain Mopar Club had their 11<sup>th</sup> annual car show on June 5<sup>th</sup>. There were approximately 150 cars and trucks in attendance. If you have never attended this show you should make plans for next year. It's a great show and a good time of year to go to the Smokey's. Our club gave a "members choice" trophy to Larry Leaphart, who owns a beautiful 1962 Plymouth Fury convertible. Larry is a member of the Foothills Mopar Club in South Carolina. There were several MCMC members at this show and several entered their cars. Below are a few pictures I took.

Member's Cars

They got it made, in the shade.

He cleans this car in his sleep!

## FOR SALE

### 1965 Chrysler 300 'L'

2-Door Hardtop, White with Maroon Interior, 413 C.I., 727 Automatic Transmission, 8 ¼ Rear end, Matching numbers car, Power Steering, Power Brakes, Air, Tilt Steering, Power Seat, Power Windows, AM/FM with Reverb, Bucket Seats, Console, 5 new tires.

This car was restored in 1993 with new paint, interior and engine rebuild, additional work was done in 1999.

This is the last letter car before bringing them back into production the 1999 model year. This car is real nice, runs and drives nearly perfect. Good solid Texas car, traded in at Gary Matthews Chrysler in Clarksville, Tennessee, by a service man at Fort Campbell.

Price guides shows this car could be valued up to \$25,000. The potential is here; it just needs finishing up. The asking price is \$8,300—special consideration given to Mopar Club members. No trades.

For additional information contact.
