## EditoR/Talk

Hey fellow Chryslerians! Are you ready for the holiday season? Most of us are never actually ready, but it's coming regardless. Hopefully OLE Santa will overlook my inadequacies and grant me some wishes (year-one gift certificates).

It's not always easy coming up with material for the newsletter. So as I sat here pondering a subject, I had a brainstorm, or at least a little shower. I came up with an idea for an article and a way to get your input as well. We don't seem to be getting very many "members mopars" articles so I'll make it easier and we'll call it "My Favorite Mopar". Here's what you do just write, call or E-mail me your favorite mopar and tell us why. Give some specifics, like how you would have ordered your fave. Give engine, trans., color, interior and any other options you may have liked. Be creative...I mean hey, ma mopar may not have made your favorite to your specs. So let your hair down and tell us about your dream car. For example: how about a '79 Dodge Aspen with a 426 hemi and a 4-speed! Show us what you like... c'mon it'll be fun! Hey, I'll even go first.

I'll bet nobody can guess my favorite mopar. Well, as if you didn't know, it's a 1969 Dodge Charger R/T. Why? Well I guess you'll have to turn the page to find out

MOPAR 2 YA!

Keith Petitt – editor

# My Favorite Mopar

I've been a car nut since conception. Before there were girls, there were cars. They have always been my first love.

The first time I ever laid eyes on my dream car, was when I was 3 or 4 years old. My cousin bought a brand-new 1969 Dodge Charger brand new. It was triple black with deluxe wheel covers. A few years later, my uncle bought a used '69 Charger. It was that dark green color and was sporting a set of crager SS wheels and orange painted brake drums. Ah yes ... the '70's. I can still smell the interior of that car.

To me the '69 Charger is the sleekest, coolest, sexiest car ever mass-produced. How could anyone not love this car? I love that "coke bottle" body design, the rear tunnel window, the flip-top gas filler cap, hideaway headlights, and the stylish interior. Couple that with massive amounts of horsepower under the hood and the sweet rumble of the dual exhaust and you have enough to send me into the upper stratosphere for at least a couple of hours!

So, without further ado, here's the way I'd like it. A 1969 Dodge Charger R/T S/E. The color would be Q-5 turquoise with a white bumblebee stripe and white interior. The power train would be a 440 magnum (a hemi would be too impractical for me) and a 4-speed tranny with a 3.55 sure grip rear end turning over a set of magnum road wheels! Options would include: power steering, air conditioning, power brakes, power windows and locks, AM/FM 8-track stereo (remember this is the 60's) and the rare power sunroof.

If I had been 20 instead of 2, that is the way I would have done it. Man what a car!

Well, there ya have it! O.K. whose next?

# Show Review

On Saturday, October 16, Norris Lake Mopars of Speedwell, Tennessee had their first car show. This is located about 20 miles north of Knoxville at Cove Lake state Park. This was a great place for a car show. The weather was great and the people who are in this club are real nice. Kirt and Peggy Ranta put a lot of effort in this show and it was a job well done. Their company (Classic Auto Glass) sponsored a class at our show. So if you need auto glass give them a call. The member's choice trophy went to Emol Hatfield with a 1971 Dodge Truck. On Saturday October 23 there was an open car show at Bill Boruff Dodge in Sparta, TN. Nick Willmore went to this show and presented a Members Choice Trophy to Nicky Parker who owns a 1977 red Chevy Silverado. Thank you, Nick, for a job well done.

## “Car/Truck Of The Month” We Want Your Car/Truck!!!

The Music City Mopar Club wants to **feature your vehicle** in a future newsletter. To do so, we obviously need some information (a Hemi crank fell on our crystal ball!!). We know there are many MCMC members out there who are very proud of their vehicles and want to tell the world about it. You may think this a good idea but you are shy about your writing talents. Initial comments we have heard is that people have no difficulty talking about their “rides” but writing is not always your strong point. This is where MCMC newsletter editors can offer some assistance.

While we would certainly prefer that you write the article in your own words, we have put together the enclosed questionnaire to get you/us started on an article. This asks some of the basic questions concerning your vehicle. If you are a proud of your vehicle as we think you are, fill out the questionnaire and we will try to help with the rest. Remember we also need **sharp** color or black & white pictures!

Fill out the enclosed information and return it to the MCMC at P.O. Box 625, Madison, TN 37116. If necessary, someone from the newsletter staff will contact you for additional details and we will do our best to assemble an article that will do you car/truck justice.

# ***F Y I***

I want to thank everyone who attended the October meeting. The main topic of discussion was the location of next year's show. The dates will be September 23<sup>rd</sup> and 24<sup>th</sup>, 2000. The location will probably be at Moss Wright Park in Goodlettsville, which is approximately two miles from where we are now. We are in the process of applying for a permit and should have it soon. We also voted to give \$1000 to charity. \$500 will go to Oldies 96.3 and \$500 will go to the Goodlettsville Police Department. They were very helpful in blocking off intersections for the cruise to Music City Raceway. Also if you are interested in receiving your newsletter by email please contact us. If there is enough interest we will check and see if it can be done. There are a few large show shirts available. If you would like to buy one they are \$10 each. The November meeting will be on Sunday November 21, 1999 at Hooters in Rivergate. This is a week earlier than normal due to the Thanksgiving holiday. So mark your calendar. Don't forget about the \$25 door prize. The meeting starts at 2:00pm.
