Motivation.....What is it that drives (no pun intended) us to be car nuts? Is it something genetic like a car gene in our DNA or perhaps it's that car mobile hanging over the crib. Well, whatever it is, it's definitely in our blood. And you know it from the start that you're infected with this automotive phenomenon.

For as long as I can remember, I've been obsessed with the automobile. My mom said my first word was not "mama" or "dada". It was boswagen! Yep, my first word was about a car. That's ironic because you couldn't GIVE me a Volkswagen today. My mom and dad have many-a-snapshot of me in or around a '65 Mustang, a '67 GTO, a '69 Fairlane, a '70 Sport Sattelite, etc. you get the picture. I would request that if there was to be a Kodak moment, that it be with a car. I was driving tractors and trucks around the farm as young as 8 years old (I had a really brave, or crazy, granddaddy.) I would also sit in my dads lap and drive the car home from church on occasion. By the time I was 13 I was beside myself with the sheer desire to just get behind the wheel and drive! I was fortunate enough to have my learners permit when my dad purchased a '73 Charger SE. I still wished I had that one back. These days cars still consume a great deal of my time both professionally and leisurely. I guess you could say it's my first love.

The really good thing about growing up when I did is that there were cars to get excited about. You know..... there was that one car that your dad, uncle, brother or neighbor had and swore that one day you would own it, or one like it. What is out there today to get excited about? Have you ever heard a kid say "man I can't wait to get my hands on a Honda Civic" with a gleam in his eyes? I doubt it. But things do change. Back in the day, it was all about how fast your car could go and how sharp it looked on a Saturday night when you picked up your girlfriend or took it out for a heads up drag race against the guy from the next town (see "American Graffiti"). Nowadays it has nothing to do with speed. It has more to do with how hard the sheetmetal rattles, not from a hot cam or headers but from subwoofers and amps. Don't get me wrong, I'm serious about my tunes too but, sheesh!

No, I don't think we're the last of the true hot rodders. There are plenty of guys and gals out there who are keeping the torch lit with there 5.0's and Camaro's (where's the mopar?), but the days of ground shaking big block horsepower are over, except for what is left that people like us are restoring and racing. But as long as the motivation is still there, we'll have the cars that still make us crazy about driving!

FYI

Our June 25, 2000 meeting was held at Hooters. Approximately 15 members were present and normal business was conducted, along with some discussion regarding our upcoming car show in September. We are still in need of the following for the car show: (1) People willing to work during this weekend event (2) Sponsors to be contacted for class sponsorship (\$75.00 per class) and (3) Door prizes. This event is extremely important to the existence of our club. The money raised during the show goes toward assisting the needy families during holidays, in addition to keeping our club going through the next year. With postage rates being \$.35 to .55 per newsletter per month, this quickly adds up. The class sponsorship only pays for first, second, and third place trophies. The money collected from registration is what we use for Christmas time and keeps our bills paid throughout the upcoming year. So everyone join together and make this the best year yet!

On Saturday June 17 the East TN. Mopar Club had their annual show in Knoxville. It was a great show as usual and several members of our club were present. I would like to congratulate all of those who won an award. We also gave a members choice award to Arnold Potette of the Norris Lake Mopar Club.

Our next meeting/cruise will be at Backyard Burgers in Franklin on Saturday, July 22 @ 6:00 PM. Rain or shine, let's show Franklin, Tn what the MCMC is all about. Drive your Mopar!!!!

President, Craig Satterfield

P.S. Don't forget about the \$25 door prize, but you have to be present to win.

"Car/Truck Of The Month" We Want Your Car/Truck!!!

The Music City Mopar Club wants to **feature your vehicle** in a future newsletter. To do so, we obviously need some information (a Hemi crank fell on our crystal ball!). We know there are many MCMC members out there who are very proud of their vehicles and want to tell the world about it. You may think this is a good idea but you are shy about your writing talents. Initial comments we have heard is that people have no difficulty talking about their "rides" but writing is not always your strong point. This is where MCMC newsletter editors can offers some assistance.

While we would certainly prefer that you write the article in your own words, we have put together the enclosed questionnaire to get you/us started on an article. This asks some of the basic questions concerning your vehicle. If you are a proud of your vehicle as we think you are, fill out the questionnaire and we will try to help with the rest. Remember we also need **sharp** color or black and white photographs!

Fill out the enclosed information and return it to the MCMC at P.O. Box 625, Madison, TN 37116. If necessary, someone from the newsletter staff will contact you for additional details and we will do our best to assemble an article that will do you car/truck justice.
