Editor/Talk

Some months ago I requested that MCMC members send in a "top ten" list of their favorite mopars. Recently I was handed this letter from MCMC member Bob Greene. Take a look.

My first thought for my top ten mopars was that this should be a piece of cake. Well it's NOT! Easy would be to list every mopar from the 20's to the to present day. To pick ten is hard on the mind. For me, my favorites come from the late 50's, the 60's, and early 70's. Even with that in mind, it's still some 20 years of very impressive automobiles!

For styling and design we must leave this to the eye of the beholder. Because of so many changes in this field, the buying public never brought us up to #1. There were no bad changes, just different.

It was the engineering of the mopars that made the difference. The development of the early hemi motors, then the awesome max wedges. The long rams, short rams, big blocks, small blocks, the race hemis, street hemis, and even the slant sixes were and still are the motors to be reckoned with. This was and is MoPar! Folks can't deny the brute force of these incredible engines.

The dream would be to own one of each. Yeah right! But whichever mopars you pick, Chrysler, DeSoto, Dodge or Plymouth and from the Slant six to the hemi, these automobiles are an important part of Chryslers' history.

Remember to have fun with this! Mopar to ya!

Bob Greene

Top Ten

- 10) 1971 Plymouth Cuda- hemi/ automatic – convertible (any color)
- 9) 1970 Dodge Challenger R/T – hemi/ 4-speed (white) remember Vanishing Point?
- 8) 1970 Plymouth Road Runner- 383/ automatic (Electric blue/ black vinyl top
- 7) 1957 Plymouth Fury 2 dr. h.t.- 350 w/2 four barrels/ automatic
- 6) 1957 Chrysler 300 D convertible- 392 hemi w/2 four barrels/ automatic
- 5) 1968 Plymouth Sport Satellite – 383/ 4 speed (white)
- 4) 1968 Dodge Dart – hemi super stock/ automatic (black or white)
- 3) 1960 Chrysler 300 F 2 dr. h.t.- 413 long ram/ automatic (white)
- 2) 1963 Plymouth Savoy 2 dr. sedan- 426 super stock/ max wedge/ automatic
- 1) 1962 Dodge Polara 2 dr. h.t.- 361 h.p. 4bbl/ push button automatic

Bob went on to account for about 17 more cars other than the top ten. That shows how hard it is to list "only" ten. Even so, I know you can do it. So hit me with your best shot! Keep 'em comin'! Thanks Bob! Oh and by the way, that's my line!

Mopar 2 ya!

Keith Petitt (editor)

P.S. Merry Xmas everyone! I hope the holidays are special for all of you. See ya'll next year!

“Car/Truck Of The Month” We Want Your Car/Truck!!!

The Music City Mopar Club wants to **feature your vehicle** in a future newsletter. To do so, we obviously need some information (a Hemi crank fell on our crystal ball!). We know there are many MCMC members out there who are very proud of their vehicles and want to tell the world about it. You may think this is a good idea but you are shy about your writing talents. Initial comments we have heard is that people have no difficulty talking about their “rides” but writing is not always your strong point. This is where MCMC newsletter editors can offer some assistance.

While we would certainly prefer that you write the article in your own words, we have put together the enclosed questionnaire to get you/us started on an article. This asks some of the basic questions concerning your vehicle. If you are a proud of your vehicle as we think you are, fill out the questionnaire and we will try to help with the rest. Remember we also need **sharp** color or black and white photographs!

Fill out the enclosed information and return it to the MCMC at P.O. Box 625, Madison, TN 37116. If necessary, someone from the newsletter staff will contact you for additional details and we will do our best to assemble an article that will do you car/truck justice.
