

Music City Mopar Club

Vol. 13, No. 6

April 2003

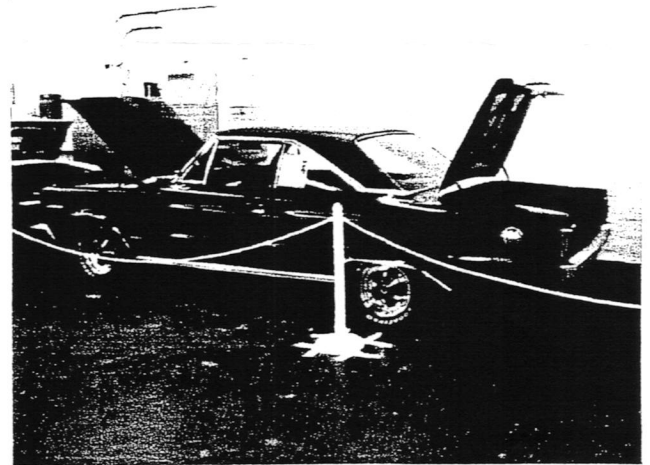

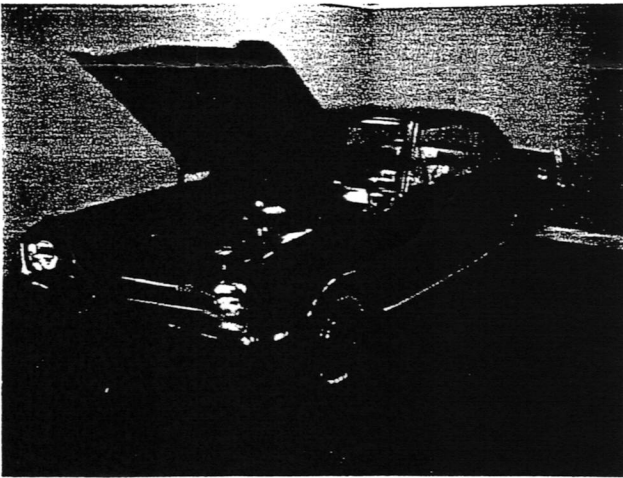

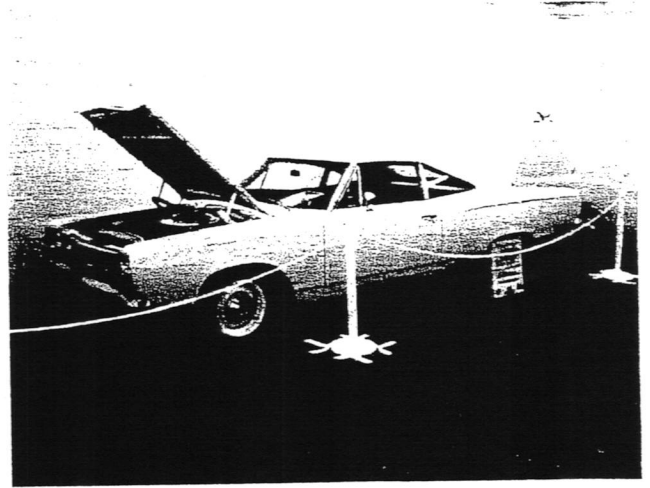

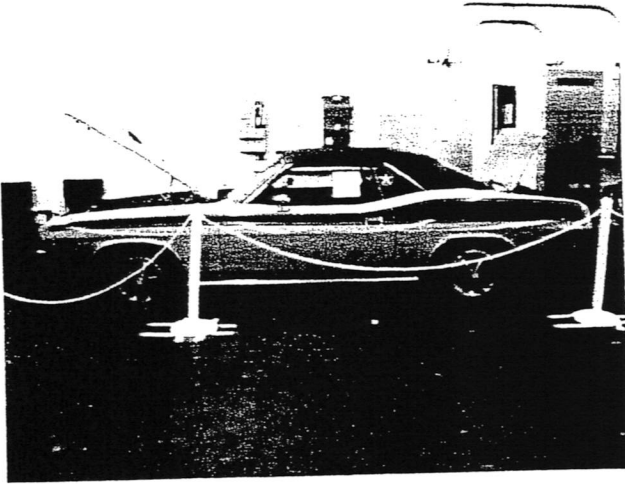

HELLO MUSIC CITY MOPAR CLUB MEMBERS

I hope all is well in your house. All is well here. My son Shane is doing well with his car. I am not, but who is checking on that anyway. This month the meeting will be held at Two Rivers Park on Sunday 4/27/03. Eat & greet will start @ 12:30 with the meeting @ 2:00. This is the same place the club will hold this year's car show. It will be a picnic and the club will supply the meat and members will supply the sides and suds. Last month's meeting was a kick thanks to long time member Richard Price who showed lots of Mother Mopar footage from old & new commercials. I hope we can see some more of that in the future. Our member numbers are going up at our meetings. Let's hope they keep doing so. If any member has a suggestion on upcoming events we would love to hear them. It helps us continue to do a good job. I would like to see us make it to some car cruises and car races this year. We've scheduled with the Bellvue Cruisers to make it to the 7/26/03 Saturday Night Cruise @ the Bellvue Mall. For details you can call Tom Akers @ 615-646-0848. So show up and come speak your mind. As always, peace out!!!

Your Prez,
Robert Vachunek
AKA Spanky

Some Photos From Hunter's

Here are several pictures from the hunters show. Member's Mopars were well represented at this year's event.

Sorry about the dark pictures. I did what I could. Bill

The Mopar Nationals- Columbus, Ohio.

It is the end of March 2003, If you are thinking of making the trip to one of the largest MoPar events in the nation, You better get in gear. Time my friend is running out, as August will be here before we know it. And your plans should be in order soon.

Last years show was such a thrill, to see so many MoPar's in one place. To say, one was in MoPar Heaven would be close, the theme was convertible, everywhere one looked, there were dozens found, in every form possible. All colors, every drive train you could dream up. A,B,C, and E body cars were shown- from Hemi to slant six- original to very modified.

A sight to see, for any MoPar enthusiast- WOW! only comes close for the three-day event.

Of course other mopars were well represented , which enhanced the show that much more- Cars for sale, parts for sale, vendors everywhere- with stuff to keep your mopar alive. Drag Racing- Oh, yea! It was great, and some of these cars were better than the show cars. But yet- out doing battle run after run. The sights and sounds were just awesome. Hurst Hemi under glass, Dean Sequa's funny car, Darrell Alderman's pro street were there, what a treat to see.

To see this event properly, you would need a week, But the walking, and August heat- humidity- damn might kill ya!

I was pleased to see, many folks from Tennessee- and M.C.M.C. was well represented last year. So hopefully we will do the same , this August. Many people made comment of our show in September, and I feel this just gets them fired up for our show, and us too.

The theme for this years Nat's-2003, is A-body, We know for sure, Ken Martin will be there, and ready to show. So, lets all get ready, Our club needs the support and so doesn't MoPar.

See You at the MoPar Nationals-August, 2003

BG.
