Exhaust Notes

Well . . . our 22nd Annual MCMC Car Show is history, and I want to thank everyone who attended or helped to make our show a success! A bit of rain on Friday morning and again on Saturday night left our show field a little soggy, but Saturday and Sunday were beautiful days as the weather cooled for the show. The quality of the show vehicles was again outstanding, and there were great vehicles in the Fun Field too. A lot of effort and hard work was put into each of these vehicles by their owners, and they are all winners in my eyes. We also had a wonderful group of vendors that gave everyone plenty to look at and lots of parts and treasures to sort thru. Finally, thanks to all of the members who helped make our car show a success. A show like ours would not be possible without the help of our members and their spouses, who volunteered to work registration, parking, classification, judging, and all the other things it takes to run a show. Special thanks go to those who came early and stayed late to help with the setup and tear down of the show. It was a busy three days, but the satisfaction of seeing old friends and getting so many great Mopars together for a show, makes it more than worthwhile. Again, thanks to everyone who attended and helped make our show a success!

Special thanks to our show sponsors, Bob Frensley CJD, Hunter's Custom Automotive, Stephen's Performance, and Tennessee Speed Sport for their help and support. Frensley CJD brought over three beautiful new vehicles for display and selected and presented the dealer choice trophy during the awards on Sunday. Johnny and Linda Freund, at Hunter's, again helped us with the design and procurement of our show shirts, and they once again looked great! Ted and Jackie Stephens, of Stephens Performance couldn't make it this year as they had a scheduling conflict. We appreciate all the support they have provided us over the years and hope to see them again soon. Tennessee Speed Sport helped with door prizes in the form of a set of stainless mufflers and an aluminum intake manifold. Please remember all of these folks when you are looking for a new ride or service on the one you have, or you are looking for those special wheels & tires to add a little bling to your ride, or those high performance pieces to make it go fast, or that special part or sheet metal you need to complete your vintage Mopar.

John opened our September Goodie Bag Stuffing meeting by thanking Lester and Pam Bentley for hosting the event at their home. The meeting then moved to discuss details of our upcoming show ranging from concessions to T-shirts, PA's and DJ's to the Fun Field, and various other items. The questions were finalized for the participant survey, and at the last minute, it was suggested we to purchase a television to raffle off during the show. After a bit of discussion, the club decided to try the raffle and Ron Gillespie & Stan Hardcastle were appointed to the TV procurement committee. We followed the meeting with the goodie bag stuffing and loading the trailer for the show.

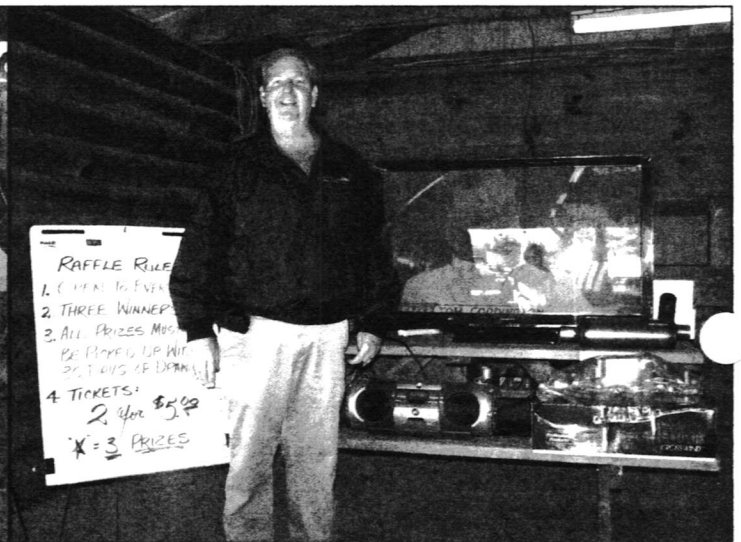

Finally, it was decided that our October meeting would be held at the Oktoberfest Car Show at Wilson Bank and Trust in Lebanon, TN on Sunday, October 16, at 2:00 PM. This is a great show that usually draws 300+ cars and trucks. So come on out and bring those cars.

Remember... This meeting will be for Officer Nominations for 2011, an important meeting. Please be there with your suggestions and nominations.

See you at Oktoberfest, and drive those Mopars!

What did you say we are supposed to be doing?

Event Director, Stan Hardcastle, stands by the Raffle prizes.

Is it Trophy Time Yet?

How Many Mopar Club Members does it take to put up a Small Sign?
