FROM OUR PRESIDENT:

Based on the ongoing consequences of the coronavirus, we have canceled the April meeting and will work with the dealership to schedule an event sometime later in the year. We will also evaluate the appropriateness of having the May meeting around the first of May.

I hope all of you and your families are safe and

healthy. Please follow all of the guidelines established by your respective state and local officials to help prevent the spread of this virus.

Since there has been little to no activity in the past month, this Newsletter will be considerably different in content. As always, feel free to send information pertinent to the club and we will share via email with club members.

Again, please stay safe and healthy!

Donny

MARCH MEETING NOTES

The March meeting was cancelled so there are no meeting notes. Instead please enjoy the following short story written by Jo Ann Tanner. Jo Ann wrote this story for the FCE {Family, Community and Education} Club last summer. According to Mike Tanner FCE clubs were started during the Depression and there are still multiple chapters in Rutherford County. The main point being this story was composed last summer, never thinking that something of a somewhat similar nature was just around the corner...

This Is About Pies (A Family History)

My Grandmother died in the great flu epidemic of 1918. She was to deliver a second child but died seven months before it was born. The first born was my Mother; her name was Pauline, who was born November 16, 1916. Prior to my Grandmother's death, she made her Husband promise to give the 2 yr. Daughter (Pauline) to the maternal Grandparents (who were in their 60's) if she did not survive the epidemic. He did indeed give her to the maternal grandparents shortly after his wife's death. He then moved to

APRIL BRIEF

musiccitymoparclub.com

Muhlenberg County Kentucky, remarried within a year or so and started another family. My Grandfather would make the 85 mile trip from Muhlenberg county to Allen county on horseback to visit my Mother once or twice a year. Many times these visits would coincide with county court day so as to trade knives, horses and other items in those days, this was like the Nashville flea market for the farmers and towns people in the surrounding counties, on the court house lawn. He made his living logging and working in the famous Muhlenberg County KY coal mines. As a result, he died in his eighties from emphysema. I did not meet my Grandfather until I was in my early teens.

As mentioned earlier, my Mother was raised by her Grandparents. She often told me about being very lonely when she was growing up. Her Grandmother had what my Mother termed "curious" ways. One of those curious ways that my Mother recounted several times through the years, was that her Grandmother always had a pie baked, just in case a friend or neighbor stopped by. As we all know, back then friends and neighbors did in fact just stop by unannounced...after all this was before telephones were available in rural areas. My Mother and her Grandfather always wanted so bad, to eat the pies. Her Grandmother always stood her ground, insisting that those pies are for company. Unfortunately, most times the pies would mold and have to be thrown out, thus further "whetting the appetites" of my Mother and her Grandfather!

My Mother lived 82 years and always when she would speak of the pies and how much she and her Grandfather wanted to eat just one piece of pie she always had tears in her eyes because that was such a painful

memory. My Mother rode a pony to school and only completed the first 2 1/2 years of grammar school. Regardless of her meager formal education, she taught herself to read exceptionally well. In her later years, she read as much as time would allow.

Being raised as an only child, my Mother said having a large family was not a priority, however, she married a Farmer and they had seven boys and three girls. She was a loving Mother and a wonderful Christian woman. She started every day humming and singing...in spite of the pies and birthing ten children, burying 4 of them as well as her Husband at age 65. Most of her life was spent in poverty. My Father raised tobacco and hogs on the farm. In the early 60's he started working at the rock quarry when weather permitted. In the mid '60s he got his first inside job at the Dollar General Headquarters Warehouse in Scottsville KY. He worked there until his death in 1978. I don't believe you could find a more loving, wonderful woman than my Mother. She had a harsh upbringing and difficult life but yet had such a positive outlook on life every one of her days on this Earth. ~ Jo Ann Tanner

UPCOMING EVENTS

Due to the Federal Guidelines currently in place to address the Covid-19 Coronavirus Pandemic the Automotive Events scheduled for April will probably be cancelled or re-scheduled for a later date. Refer to last month's newsletter or the Club website for information concerning those events.

Some important dates are listed in this newsletter for remembering and/or celebrating with family for the next several weeks.
