FROM OUR PRESIDENT:

I hope everyone has remained healthy and sane during the past couple of months. I know that many of us are in the at-risk age group, have underlying conditions or both and have been sheltering in place for

an extended period of time. Please continue to do what you feel is necessary to keep you and your loved ones safe!!

If the governor does not extend his emergency order expiring on the 29th, I will host our May meeting as scheduled at my house on Saturday, May 30th. **No one should attend if you are in the least bit concerned about being in a larger group.** Personal protection equipment is welcomed but will not be required.

The agenda will be discussions of Goodguys, our show and a belated celebration of our 30th Anniversary as a club.

I plan to have barbecue like last year and an anniversary cake. We will have ice and bottled water, so bring your drinks if you want something different. Please let me know by May 23rd how many will attend.

AGAIN, IF YOU HAVE ANY CONCERNS PLEASE DO NOT ATTEND!

"In the light of the developing coronavirus pandemic, Goodguys Rod & Custom Association and its host venues across the country are working together to implement additional protocols and procedures at our events in an effort to promote and protect the health and safety of all of our event attendees.

We will be implementing additional and easily accessible sanitization/hand washing stations throughout each venue and disposing of trash more frequently throughout each day.

Additionally, we are urging our event attendees to implement personal responsibility by washing their hands for 20 seconds or longer several times throughout the day, using hand sanitizing products as necessary, avoiding touching your eyes, nose & mouth, trying to avoid as much direct contact with other attendees as possible, covering their mouth with a tissue when coughing and then disposing of the tissue properly and avoiding attending an event if you are currently sick.

We will continue to monitor the situation and will work with our venues to regularly review our health & safety practices in alignment with the CDC. For more information on the prevention & treatment of the coronavirus, please
