Exhaust Notes:

Gary Garner has detailed our August meeting in his Meeting Minutes. Thanks again for hosting us Mike and Jo Ann Tanner. We were able to layout some very important plans for our upcoming show.

Now we need to focus on our annual show that is less than a month away. It is vital that every member shows up and takes on a role to make this year's show a success. Traffic control, parking cars, and Judging are three areas where we need members to work! With over 150 members the percentage that work the show needs to improve. Our new layout is much more complicated and with our new building.

We will continue our family friendly, well organized Car Show, with the most comprehensive Judging of any show in the country. And we are known throughout the Mopar hobby as the place to go if you want your car Judged by professionals.

WE NEED EVERYONE TO HELP WITH THE SHOW!!! Set up is on Friday, September 27th at NOON. Free food and drinks are at 4:00 and a cruise to Snow White is at 5:00. The day of the show, September 28th, we need you there by 7:00am. I know you all will come through and make this the BEST show we have ever had! Mopar Mike

Gary's notes/Minutes notes

The August meeting of the Music City Mopar Club was held at the home of Jo Ann & Mike Tanner on August 25th. It is always a pleasure to see their collection of cars and trucks and to see the progress that is being made on the Duster that is the current project. Thanks to Jo Ann and Mike for having us.

After the approval of the minutes of the July meeting, Richard Price asked the members if everyone was receiving the newsletter online and a few members said that they were having an issue with getting it. If you are having trouble, please check your spam folder just in case as Troy has changed over to g mail.

Club President Mike Wilkins reported that Butch Arnold's wife had a medical emergency at the Mopar Nats and that Denise Hardcastle's mom was in the hospital. Please keep them in your thoughts and prayers as they recover.

The club has 142 members as of the time of the meeting. The club continues to be in good financial shape with insurance for the show and show rentals being paid. We still need to collect from some show and class sponsors. The trophies have been ordered and the show shirts are being printed. The VIM spaces have been sold out and the invitational spots have been accounted for. The letters with the parking rules for the new building and the information on VIM parking and the required parking slips to be displayed on the dash of the cars have been mailed out. The sound equipment will be picked up on Thursday before the show and will be set up that same day. We will be starting show setup at noon on Friday with display cars arriving starting at 1. We had a sign-up sheet at the meeting so that members could choose an area to work. We need all members to come out and give a hand. Saturday will be a little challenging with the new parking plan. Please contact Mike Wilkins to get your name on the list. You will have a great time with your fellow club members and meet some great people with a lot of cool rides.

Mike reported that he, Wayne Hall, Ron Gillespie, and Jack Stone all went to the Nats and had a great time judging the cars and also had great weather for the event. Jake Istvanditsch reported that 14 members attended the Mopars on the Mountain show that is put on by the Tennessee Valley Mopar Club in Huntsville with several members bringing home trophies. He also talked about members going up to Moparty. We will be parking with members of the Big Easy club, the Birmingham club, and the Southeast Challenger club. He also reminded us of the big fundraising event for the International Motorsports Hall of Fame in Talladega that is coming up October 25-26. The aero cars group will be having their 5 year get together at this event so this should be a great one to attend.

It is hard to believe, but it is showtime once again. We need everyone to come out and help with the show. It is our members that make our show special. We will see you there.
