Exhaust Notes:

WOW. What a week-end at the Triple Crown of Rodding. Our Event Team turned out and did a fantastic job. Thank you to everyone who worked so hard to make this show work. Friday, we had the best weather, then Saturday was terrible. Not only was the rain pouring but the temperature was COLD! But we all survived and pulled it off in the end.

This week we have the Moparty in Bowling Green. Many of our members are planning to attend. We will celebrate 10 years of moparconnectionmagazine.com. Be sure and drop by the booth and say Hi.

Now we need to focus on our annual show that is just over two weeks away. It is vital that every member shows up and takes on a role in making this year's show a success. Traffic control, parking cars, and Judging are three areas where we need members to work! With over 150 members the percentage that work the show is less than needed. Our new layout is much more complicated and with the new building we NEED MEMBERS to make it all happen!

All of our V.I.M. and Invitational spots in the Made in Tennessee building are sold. We still have some covered Mopar Alley spots available for \$50, and unlimited regular registrations. The best news is that they will allow us to use the AG building as Mopar Alley. We have flyers printed and ready to hand out about our 36th annual show. We will continue our family-friendly, well organized Car Show, with the most comprehensive Judging of any show in the country. We are known throughout the Mopar hobby as the place to go if you

want your car Judged by professionals. I had several people express this to me at many other shows I have attended.

See you at the SHOW!

Mopar Mike

Gary's/Meeting notes

The August meeting of the Music City Mopar Club was held at New Moon BBQ in Lebanon across the street from the Wilson County Fairgrounds. Member attendance was very good. We were very glad to see Donny Lippard at the meeting. He is recovering from back surgery, so it was very encouraging to see him out and about.

After the approval of the minutes of the July meeting, Club Treasurer Wayne Hall gave a financial update. We continue to be in good financial shape. The latest order of club hats has been paid for. We have yet to pay for the rental of the fairgrounds for our show in addition to upcoming show expenses. Membership Director Jake Istvanditsch reported that we currently have 130 members. He had the banner that was made for the Mopar Alley area at our show and looked great. It will be given to one of the people who displays their car in that area. If you want a club banner to display in your garage, Jake can get you one for \$79. It can be made in any color you want to match your car with the club logo on it. This is a great deal, so see Jake if you are interested.

T shirts for the members working the Triple Crown of Rodding show were distributed by Steve Yeldell. We need a good turnout to make our work at the show as smooth as the Good Guys shows have been.

As you all know, our show is coming up very quickly. The artwork on the show t shirts has been finalized and it looks great. The photo guy and the food vendor are still planning to be at the show. Jason Johnson of Johnson's Horsepower Garage is planning to display a truck in the invitational area in the

building at our show. We should have a great show this year if the weather leaves us alone.

Club President Mike Wilkins attended the Nationals in Ohio along with the other club members who judge at the show. He said that the grounds have been revised to make the show better, the weather was good, and everyone had a great time. Club members attended shows in Huntsville and Woodbury recently and brought home multiple trophies.

September is a very busy month. Several members are planning to attend Moparty in Bowling Green on Sept. 12-14. We will be parking in the club area with the Southeast Challenger group. Our show is the 27th. We will need as much help as we can get to make everything run smoothly. After the meeting at Blue Moon BBQ, several club members went across the street to the fairgrounds to go over the plans and the layout for the show. We believe that we have everything set up for a great show. If the weather cooperates, this will be the first time that we will get to use the Made in Tennessee building and the surrounding area including Fiddlers Grove for our show. This area is a great venue for our show, and the addition of the building will help us to grow the show in the future.

With 3 big events in September, we should have a lot of opportunities to get together as a club and show what we can do. We will see you then.
